

# DRAGON CENTERPIECE

## Attaching Multiple Strands

2 strands on each hook  
4 strands twisted

1. Slip the jump rings of the 2 shorter strands on one top hook (one jump ring rests on top of the other).
2. Slip the jump rings of the 2 longer strands on the bottom hook on the same side. Twist the 4 strands together.
3. Place clasp on your chest, bring the loose ends of the 4 strands around behind your head and to the front.
4. Notice that 2 strands are shorter than the others: slip the jump rings of the 2 shorter strands on the top hook and slip the jump rings of the remaining two strands on the bottom hook. Adjust the twist.
